FreshStart Conference 2020 ~ Arizona
THANK YOU

UNITED FRESH START FOUNDATION
What I have learned in US Schools

✔ US school nutrition programs face enormous pressures and lack of resources.
✔ Against all odds many school districts serve amazingly delicious meals for hungry kids.
✔ School nutrition leaders are eager to help students learn to love fruits and vegetables.
✔ Farm to school in all its iterations has had a major impact on fruit and vegetable intake.
✔ School nutrition leaders are changing the food culture of their communities.
... and yet the memes continue

FreshStart Conference 2020 ~ Arizona
Our public schools are America’s largest restaurant chain.

- 21,000 districts serve school meals each year
- 30 million students rely on school meals for nourishment
- 5 billion meals served annually
